1. Introduction to PPIU

Phnom Penh International University (PPIU) is one of the leading private universities in Cambodia, with clear mission, vision and values. To ensure quality of its Higher Education, PPIU is committed to and abides by National, Regional (ASEAN) and International Standards.

1.Vision

Phnom Penh International University (PPIU) is committed to providing quality education (knowledge, skills, and attitude) in accordance with national and international standards, focusing on digital technology innovation, artificial intelligence, and research to enable students to secure jobs in the country, region, and the world in the age of technology after graduation.

2.Mission

PPIU provides comprehensive knowledge of the digital technology era, artificial intelligence, and skills development, focusing on digital technology, artificial intelligence, and research, to students with ethics and professionalism (knowledge, skills, attitudes, and ethics – Knowledge, Skills, Attitude, and Ethics) to meet the demands of a diverse job market in the digital technology era.

3.Values

Phnom Penh International University maintains (ITDL):

1.1. Integrity

1.2. Trust & Dignity

1.3.

Leadership

2. PPIU-IRO Mission and Objectives

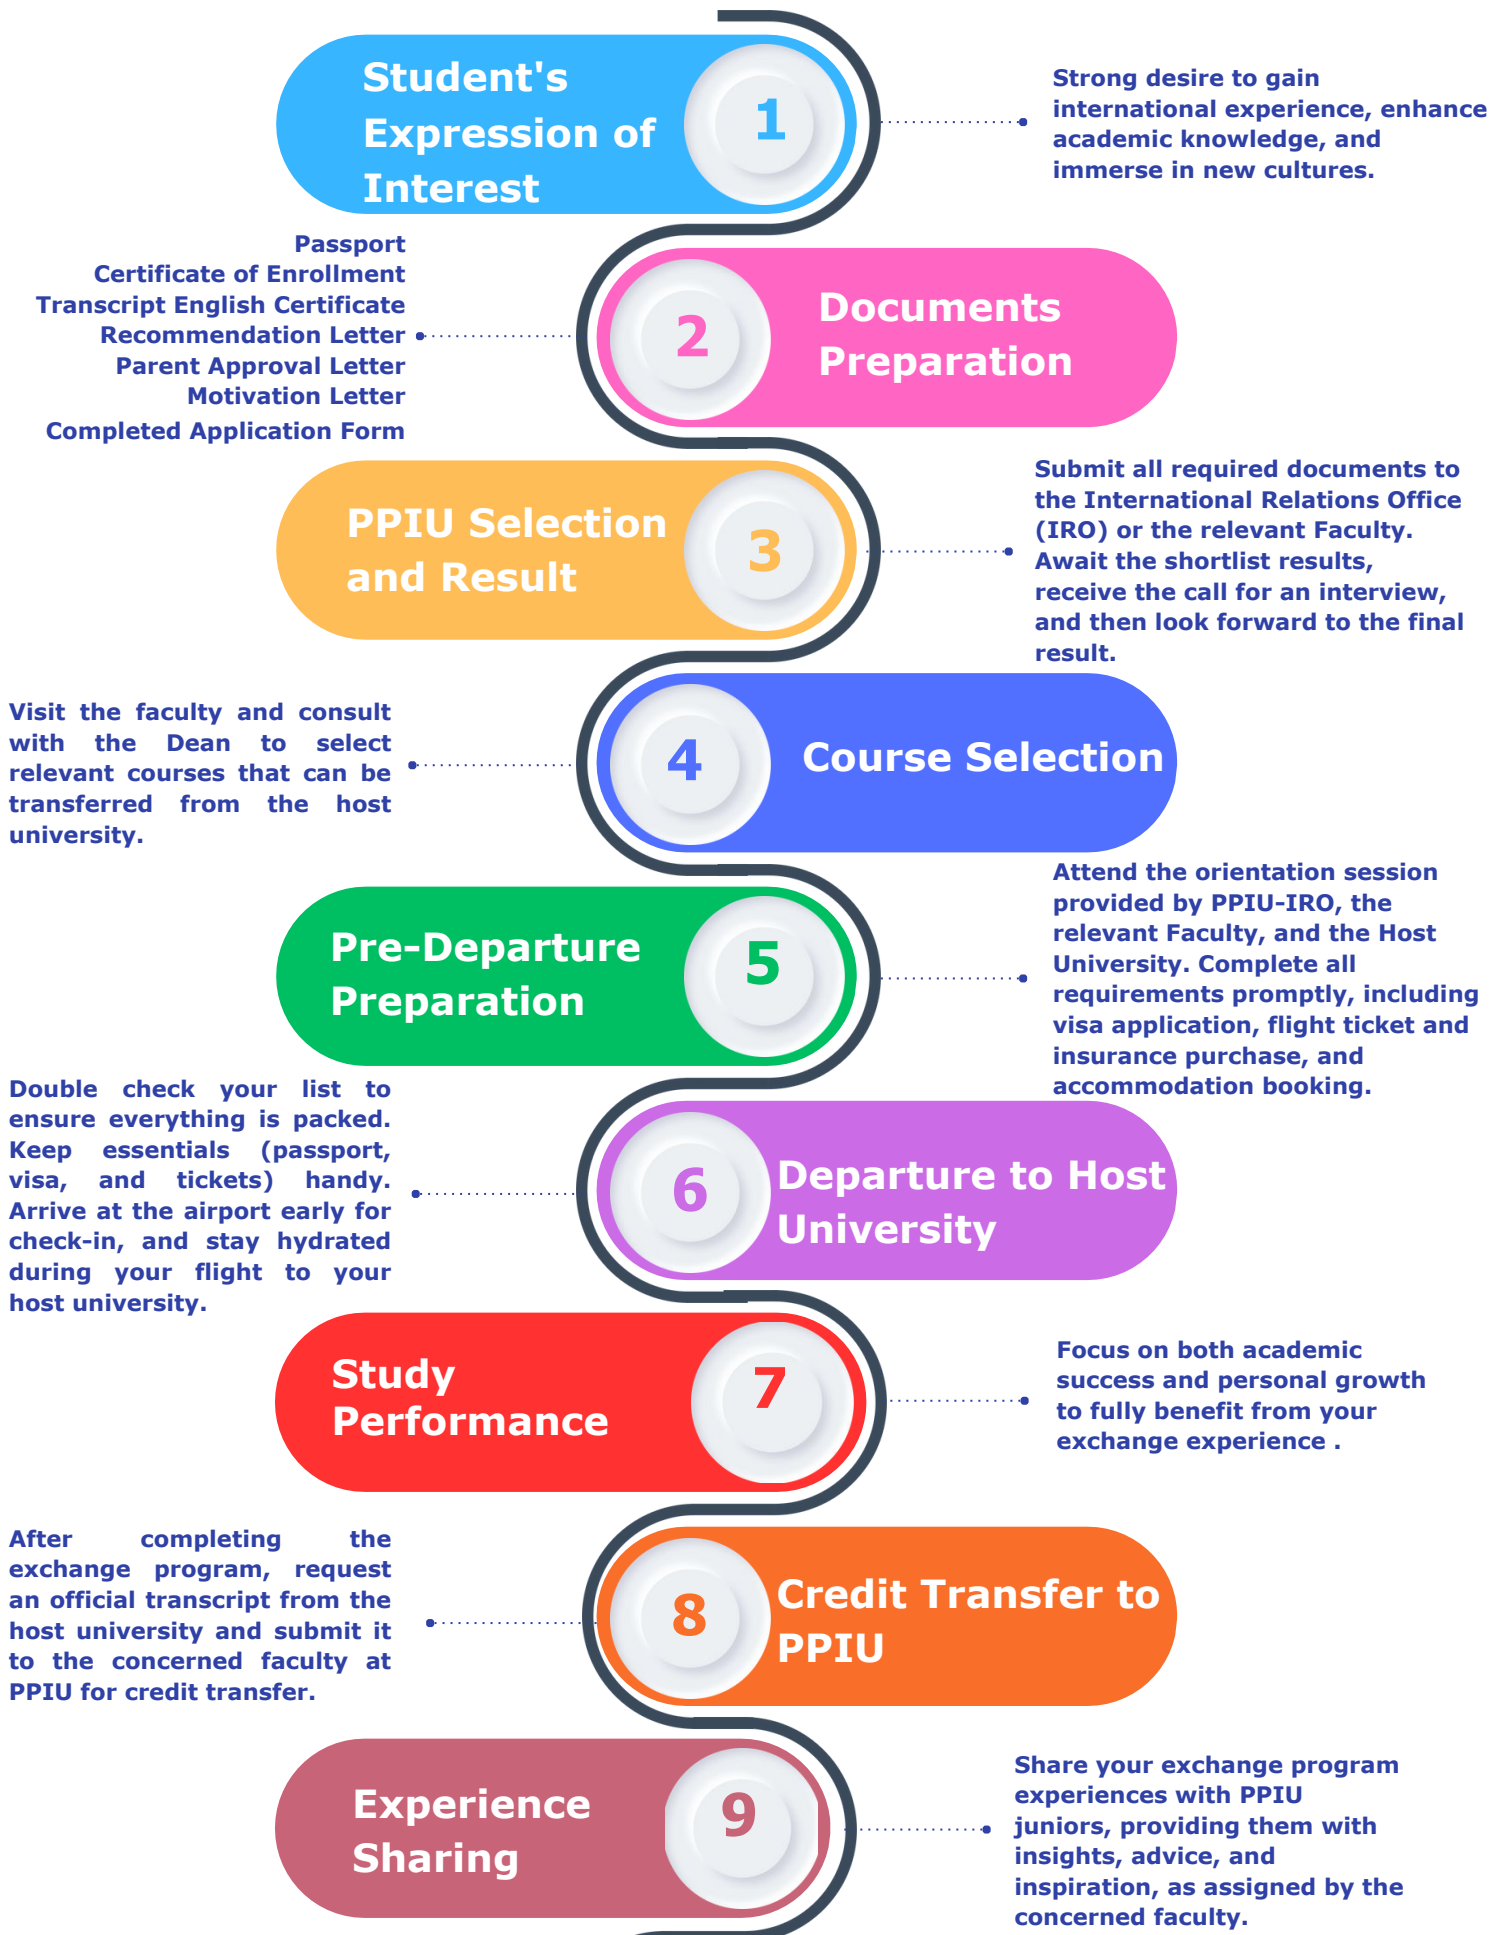

Mission

- **Enhance Global Competence:** Equip students with the knowledge, skills, and cultural understanding necessary to thrive in a globalized world.
- **Promote International Collaboration:** Establish and strengthen partnerships with universities and organizations worldwide to facilitate student and faculty exchanges, joint research, and collaborative projects.
- **Innovative Curriculum:** Develop and implement a curriculum that integrates international perspectives and prepares students for global challenges.
- **Support Mobility Programs:** Encourage and support student and faculty mobility through exchange programs, internships, and study abroad opportunities.
- **Research and Development:** Foster a research environment that addresses global issues and contributes to international academic discourse.
- **Cultural Exchange:** Promote cultural exchange and understanding through diverse programs and activities that celebrate global diversity.

Key Objectives of PPIU's Internationalization (INZ) Efforts

- Facilitate knowledge exchange and best practices across various fields, enriching the curriculum and providing unique learning experiences for students and faculty.
- Create opportunities for joint research projects and innovation, enabling PPIU to contribute to and benefit from global advancements in education and technology.
- Broaden student and faculty exposure to diverse perspectives and professional environments through exchange programs, internships, and collaborative projects, preparing them for a globalized job market.
- Strengthen the university's reputation and influence by establishing PPIU as a valued partner in both regional and international academic and professional networks.
- Enhance resource sharing and access to new technologies and methodologies, thereby improving the institution's capacity for delivering high-quality education and research.
